An Efficient Remedy

In all cases of Bronchial and Pulmonary Affections is AYER'S CHERRY PECTORAL. As such it is recognized and prescribed by the medical profession, and in many thousands of families, for the past forty years, it has been regarded as an invaluable household remedy. It is a preparation that only requires to be taken in very small quantities, and a few doses of it administered in the early stages of a cold or cough will effect a speedy cure, and may, very possibly, save life. There is no doubt whatever that
